# Pankaj Kumar

Email: Pankajams1234@gmail.com | Phone: +91 8477933234| LinkedIn: **Pankajkumardev0** | GitHub: **PankajKumardev**

## EDUCATION

**Vivekananda Institute of Professional Studies**                                    **- New Delhi**

**(**Guru Gobind Singh Indraprastha University)

Bachelor of Computer Applications,                                    *Expected Graduation, July 2026*

**CGPA:** 8.2

## PROFILE SUMMARY

Full Stack Developer with expertise in React.js, Node.js, Express.js, complemented by hands-on experience with MongoDB and PostgreSQL(Prisma).

- **Next.js** and **DevOps** enthusiast with practical exposure to Docker, AWS (S3, CloudFront, EC2), and the fundamentals of Next.js (SSR, CSR, routing, layouts, loaders).
- **Commitment:** Committed to continuous learning and delivering secure, scalable solutions.

## Projects / Open-Source

**Medium| Link**                                                      **September 2024 – Current**

**Tools: React, TailwindCSS, TypeScript, Cloudflare Workers, Hono, JWT, Prisma, PostgreSQL**

A feature-rich blogging platform enabling blog creation, viewing, and user authentication.

- Built the frontend with React and styled with TailwindCSS, including skeleton loaders for enhanced UX.
- Used TypeScript and Zod for type safety, with shared types using a custom npm package.
- Developed a serverless backend using Cloudflare Workers, Hono, and JWT authentication.
- Integrated Prisma ORM with PostgreSQL for efficient data handling.

**Trimmr | Link**                                                      **September 2024 – Current**

**Tools: React, TailwindCSS, Supabase, Shadcn**

A URL shortener with features for efficient link management and detailed analytics.

- Developed a user-friendly interface with React and Shadcn for smooth link interactions.
- Integrated Supabase for database management and authentication.
- Implemented URL shortening, custom aliases, QR code generation, and click tracking.
- Provided insights through device and location data analytics, enhancing user understanding.

**Finsync | Link**                                                      **August 2024 - Current**

**Tools: React, TailwindCSS, Node.js, Express.js, MongoDB, JWT**

A financial management platform enabling secure virtual transactions.

- Developed a responsive and user-friendly interface using React and TailwindCSS.
- Built a secure backend with Node.js, Express, and MongoDB, integrating JWT for authentication.
- Implemented features for virtual transactions and demo balance management, ensuring data accuracy.

## ACADEMIC ACHEIVEMENTS

- Joined the **ACE Society** as a member of the Web Development team, contributing to society projects and initiatives.

## SKILLS

- **Frontend Development:** React.js, Next.js, HTML, CSS, Tailwind CSS
- **Backend Development:** Node.js, Express.js, Cloudflare Workers with Hono, Prisma
- **Database Management:** MongoDB, PostgreSQL
- **DevOps & Cloud**: Docker, AWS (S3, CloudFront, EC2)
- **Programming Languages:** C++, C, JavaScript, Typescript
- **Tools & Technologies:** Postman, Git, Visual Studio Code (VS Code)
